CREATING THE OCCIDENTAL MINDORO POWER SUPPLY TASK FORCE (OMPSTF), DEFINING ITS DUTIES AND FUNCTIONS AND FOR OTHER PURPOSES

WHEREAS, pursuant to Section 9, Article II of the 1987 Philippine Constitution, the State shall promote a just and dynamic social order that will ensure the prosperity and independence of the nation and free the people from poverty through policies that provide adequate social services, promote full employment, a rising standard of living, and an improved quality of life for all;

WHEREAS, Section 2 of Republic Act (RA) 9136 or the Electric Industry Power Reform Act of EPIRA Law of 2001 states that it is the declared policy of the State to ensure and accelerate the total electrification of the country; to ensure the quality, reliability, security and affordability of the supply of electric power; and to assure socially and environmentally capable energy sources and infrastructure;

WHEREAS, Mindoro was once dubbed as the "brownout capital of the Philippines" due to extended power outages in the island. In fact, the Municipality of San Jose, the most progressive town in the province of Occidental Mindoro experienced power outages that last between six and twelve hours a day;

WHEREAS, the power supply problem not only suppresses economic activities in the area, it also prevents potential big investors from coming in thereby stunting the economic growth of the province;

WHEREAS, in view of the foregoing, there is an imperative need to create a Power Supply Task Force in the Province of Occidental Mindoro that will study, formulate and recommend solutions to the perennial problem of power supply shortage in the province.
